PRELIMINARY AMENDMENT

Dear Sir:

Prior to examination of this application on the merits,
please add the following claims:

9. A method for continuously drying granular or powdery material in batches preparatory to mixing, molding, extruding or other processing of that material, comprising the steps of:
- a. supplying granular or powdery material to a closeable shell at a fill position;
 - b. heating said material within said shell by introduction of heated air thereinto;
 - c. moving said shell to a vacuum drying position and sealing said shell thereat;
